Using the Flash

1. Open the lens barrier.
   Slide the lens barrier until it clicks to turn on the camera.

2. Press the OK/menu button.
   The monitor shows the shooting mode menu.

3. Select [ ] by pressing the [ ] or [ ] arrow pad key.
   The default setting is Auto-Flash.

4. Each time you press the [ ] or [ ] arrow pad key, the flash mode changes:
   Auto-Flash ➔ Red Eye Reduction Flash ➔ Fill-In Flash ➔ Night Scene ➔ Flash Off. Select one of these modes.

5. When you have made your selection, press the OK/menu button.

When you want to cancel shooting, close the lens barrier.

Viewing Pictures

1. Make sure the lens barrier is closed.

2. Press and hold the [ ] monitor button for a moment.
   The last picture you took appears on the monitor.

3. To view other images, press the [ ] or [ ] arrow pad key.

When you want to cancel viewing, press the [ ] monitor button again.

Using a Close Subject (at 10 cm ~ 0.5 m/0.4 in ~ 1.6 ft)

Using the Macro Mode

1. Open the lens barrier.
   Slide the lens barrier until it clicks to turn on the camera.

2. Press the OK/menu button.
   The monitor shows the shooting mode menu.

3. Select [ ] by pressing the [ ] or [ ] arrow pad key.

4. Select [ ] by pressing the [ ] or [ ] arrow pad key.

5. When you have made your selection, press the OK/menu button to enter the Macro mode.

When you want to cancel shooting, close the lens barrier.

Note:
The macro mode is automatically canceled when the camera is turned off.

Attaching the Provided Strap

Loading the Battery and Card (SmartMedia)

Shooting Pictures

First make sure that all the provided accessories listed below are included in the package. If anything is missing or damaged, contact your local Olympus representative immediately.

1. Attach the strap as shown.

2. Slide the battery compartment cover in the direction of the arrow ①, and lift the cover in the direction of the arrow ②. Insert the battery in the direction shown in the figure.

3. Close the battery compartment cover in the direction of the arrow ①, and press the cover in the direction of the arrow ② until it clicks.

4. Open the lens barrier.

5. Make sure the lens barrier is closed.

6. Hold the camera, and look through the viewfinder.

7. Press the shutter button halfway (half-press) to make sure the green lamp on the right of the viewfinder lights.

When lit: The subject is in focus. You can shoot.

When blinking: The subject is out of focus. Half-press the shutter button again.

8. Press the shutter button all the way (full-press) to take the picture.

Note: To remove the card, hold the card with your fingertips, and pull it out in the direction of the arrow ①.
