Getting Started

Setting up your m:robe

Charging the battery

- 1 Connect the AC cord to the AC adapter.
- 2 Connect the AC adapter to the DC IN 5V jack of the cradle.
- 3 Plug in the AC cord to a wall outlet.
- 4 Place your m:robe in its cradle.

* The shape of the plug differs from country to country.

Charging starts. The charging display appears and the LED of the device blinks.

After charging, the LED stops blinking and the CHARGING display disappears.

Setting up your m:trip software

Installing the supplied Music/Photo Organization Software "m:trip" onto your PC

- 1 Turn on your PC and insert the supplied CD-ROM into the CD-ROM drive. The screen below appears.

- 2 Click the [m:trip] button. After the Install Wizard screen appears, follow the on-screen instructions.
- 3 Click [Finish] when the "InstallShield Wizard Complete" screen appears. Installation of m:trip is complete.

If you are prompted to reboot your PC after installation, reboot your PC.

To run m:trip

- 1 Double-click the m:trip icon on the desktop to start the software. After running m:trip, register your m:robe in the user registration screen.

For details on operations and instructions for "m:trip", refer to the online Help. To browse the online Help, click [Help] at the top of the m:trip screen.

Importing music to m:trip

You can import music from audio CDs.

- 1 Insert an audio CD into your PC. m:trip runs automatically and the screen below appears.

- 2 Click the [Import from audio CD] button on your PC screen. Importing of the audio CD starts.

Transferring music to your m:robe

Turning on your m:robe

- 1 Press POWER.

Connecting to your PC

Connect your m:robe to your PC.

- 1 Connect the dedicated USB cable to your PC.
- 2 Connect the dedicated USB cable to the cradle, or connect the cable directly to your m:robe.
- 3 Place your m:robe in its cradle.

Starting transfer

After you connect your m:robe to your PC, m:trip automatically runs. To start transferring, click the [Sync] button in the bottom right of your m:trip screen. Then, click [Start] in the screen that pops up to begin transfer.

During transfer, the CONNECT display appears on your m:robe.

When the transfer is complete, the transfer indicator stops on the screen.

To remove your m:robe from your PC, click the [Remove m:robe] button in the bottom right of your m:trip screen. Then, remove the dedicated USB cable from the cradle or from your m:robe.

Listening to music from your m:robe

Checking the battery

You can check the battery indicator on the display. Indicator is in the lower left corner of the display.

The battery indicator

- ■ ■ ■ : Battery is fully charged
- ■ / ■ ■ : Low battery
- : Charge the battery

Using the Touch Panel
