m:robe MR-500i

Thank you for purchasing the OLYMPUS HDD Motion Music Player m:robe MR-500i. This careful manual contains instructions for setting up your product. Before using your product, read this manual carefully and keep it for future reference. For inquiries, consult the OLYMPUS service center in the enclosed Warranty card. (CD-ROM Edition). For inquiries, contact the OLYMPUS service center in the enclosed Warranty card.

User registration
To stay informed of important updates and news regarding your OLYMPUS product, be sure to register your purchase online. Use the supplied CD-ROM to install the Music/Photo Organization Software “m:trip.”

Setting up
Setting up your m:robe
Note
Do not connect your m:robe to your computer before installing the supplied Music/Photo Organization Software “m:trip.”

Charging the battery
1. Connect the AC cord to the AC adapter.
2. Connect the AC adapter to the DC IN 5V jack of the cradle.
3. Plug the AC cord into a wall outlet.
4. After checking that your m:robe is turned off, place it in its cradle.

Setting the display language
You can set a desired display language.

1. Touch \( \uparrow \) in the bottom right corner of the “HOME” screen. The “m:robe SETTINGS” screen appears.
2. Touch “LANGUAGE.”
3. Touch the desired language, selecting from the list using \( \downarrow \) (down) or \( \uparrow \) (up).
4. Touch “OK.”

The “m:robe SETTINGS” screen reappears, and the setting is complete.

Setting the date and time
You can set the date and time. (The time is displayed at the bottom left of the screen.)

1. Touch \( \uparrow \) in the bottom right corner of the “HOME” screen.
2. Touch “DATE&TIME.”
3. Set “M” (month), “D” (day) and “Y” (year) using \( \downarrow \) (forward) or \( \uparrow \) (back).
4. Touch “OK.”

The “m:robe SETTINGS” screen reappears, and the setting is complete.

Turning on your m:robe
Press POWER.

To turn off your m:robe
Press and hold POWER until the LED flashes.

Tips
• Pressing POWER/HOLD after turning on your m:robe sets the HOLD function to ON which turns off the screen and deactivates the touch panel. To release the HOLD function, press POWER/HOLD again. For details on the HOLD function, refer to the supplied manuals.
• If playback of music, slide show or remix is stopped and no operation is performed for more than 10 minutes, your m:robe is automatically turned off (Auto-Off function). To turn on your m:robe again, press POWER.

Setting up m:trip

**Operation system requirements**
The following systems are required for m:trip operation.

- CPU: Pentium III 800 MHz or later
- RAM: 128 MB or more (256 MB or more recommended)
- Hard disk: 200 MB or more
- CD-ROM drive
- Internet Explorer 5.5 or later
- Windows Media Player 9 or later

1. Turn on your computer and insert the supplied CD-ROM into the CD-ROM drive.
   This screen appears.

   ![m:trip setup screen]

   **Tip**
   If the screen above does not appear after inserting the supplied CD-ROM, click [My Computer] on the desktop (from the Start Menu for Windows XP), double-click the CD-ROM icon and run the [Launcher.exe] file.

2. Click the [m:trip] button.
   After the Install Wizard screen appears, follow the on-screen instructions.

3. Click [Finish] when the Install Wizard Complete screen appears.
   Installation of m:trip is complete.
   If you are prompted to reboot your computer after installation, reboot your computer.

To run m:trip
Double-click the m:trip icon on the desktop.
After running m:trip on your computer, register your m:robe in the user registration screen.

Using the online Help
For details on operations and instructions for m:trip, refer to the online Help.
To browse the online Help, click [Help] at the top of the screen.

Installing the Music/Photo Organization Software “m:trip”

![m:trip setup screen]

1. Insert an audio CD into your computer.
   m:trip automatically runs and this screen appears.

   ![Insert audio CD screen]

   **Tip**
   Run [m:trip] by selecting [Start] > [All Programs] and [OLYMPUS m:trip] if it does not run automatically.

2. Click the [Import from audio CD] button on your computer screen.
   Importing of the audio CD starts.

   ![Import from audio CD screen]

   **Tips**
   - You can also import WMA or MP3 files already stored on your computer, or buy audio files downloaded from the Internet. For details, refer to the m:trip online Help.
   - You cannot play back audio files on your m:robe that are transferred using the software other than m:trip, such as Windows Explorer. Use only m:trip to transfer audio files to your m:robe. For details on how to import the files, refer to the m:trip online Help.

3. Place your m:robe in the cradle.
   This screen appears.

   ![Place m:robe in cradle screen]

   **Tip**
   You can also connect your m:robe directly to the computer as shown above. When connecting directly to the computer, check that the battery is fully charged.

Connecting to your computer

1. Connect the AC adapter to the cradle.
   Connect the AC cord to the AC adapter, connect the AC adapter to the DC IN 5V jack, and then plug the AC cord into a wall outlet.

   ![Connect AC adapter]
